

PRIMARY MATHS CHALLENGE 2017

Q. There were 15 girls and 13 boys in a class. The teacher asked them to work in groups of 4. How many groups were there?

$\sqrt{16}$

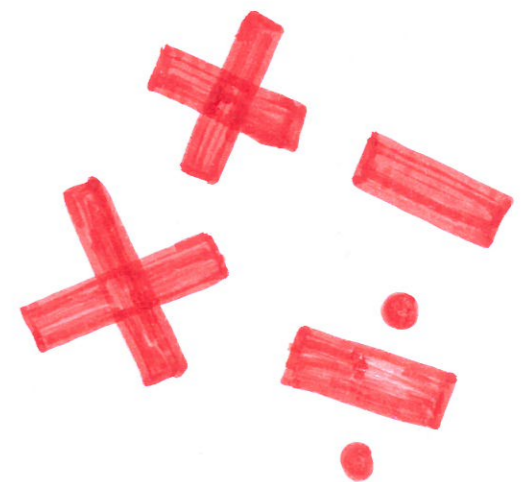

$x^2 + x^2$

M₂

Q. Damien had 16 stickers. His mum gave him 12 more. He then gave half to his brother. How many did he have left?
